Can you find the top ten objects and observe or look at them in ten ways?

Start at the Upper Gallery at the top of the stairs, and use the maps on the back.

1. Function: What does it do?

_______________________
_______________________
_______________________

Hint: Check out those spikes!

2. Completeness: Is anything missing?

Draw in the missing parts.

Samurai helmets are called “kabuto” and the face shield is called a “mempo”.

Remind you of anyone? The kabuto inspired Darth Vader’s helmet in Star Wars!

3. Form: How was it used?

Why is the collar so big? Fashion? Protection?

_______________________

Can you spot another hat? Hint: It’s a bit fishy…

Name: ___________________________
4. Compare: How is it different?
Look at the rod puppets to his left and right.
This shadow puppet ____________________________
__________________________
The rod puppets in the case ___________
__________________________
Hint: Look at the shape, colour and material.

5. Materials: What is it made from?
coconut fibres  cotton  shells  feathers
wood  polyester  bark  plastic

From these materials, I think the environment was:
coastal  forested  desert  grassland

"Salama" means "peace" in Bantu, a language spoken in Tanzania.
7. Conservation: How do we take care of it?
Open the curtain and push the button on the right.

What happens? __________________________

Light helps us see objects, but also fades natural materials over time.

Why do you think the cloak is displayed this way?
__________________________

8. Identify: What is it? What animals can you see?
Hint: Look at the mouth, ears, nose and legs...

bear    person    fish    raven    cat    wolf
       owl

What features did you use to spot the animals?
________________________________________

9. Scale: How big is it?

This model is made to 1:20 scale, 1 cm on the model is equal to 20 cm in real life.

A person ___cm tall in the model is 100 cm tall in real life.

Hint: 20 goes into 100 ___times.

Now draw the person to scale using the ruler on the side.
10. Opinion: What is your favourite object? Why?
